MEASURING GUIDE

Follow these steps with a measuring tape for accurate sizing

1 CHEST

Measure the chest under the child's/your arms at the fullest part of the chest (approx 2.5cm below armpits). The measurement is given on the circumference.

Please keep the tape horizontal!

Or vertical.

2 WAIST

Measure around the narrow part of your torso (typically the smallest section of your back).

3 HIP

Stand with feet straight together and measure around the fullest and widest part of your hip/rear.

4 BACK OF NECK TO WAIST

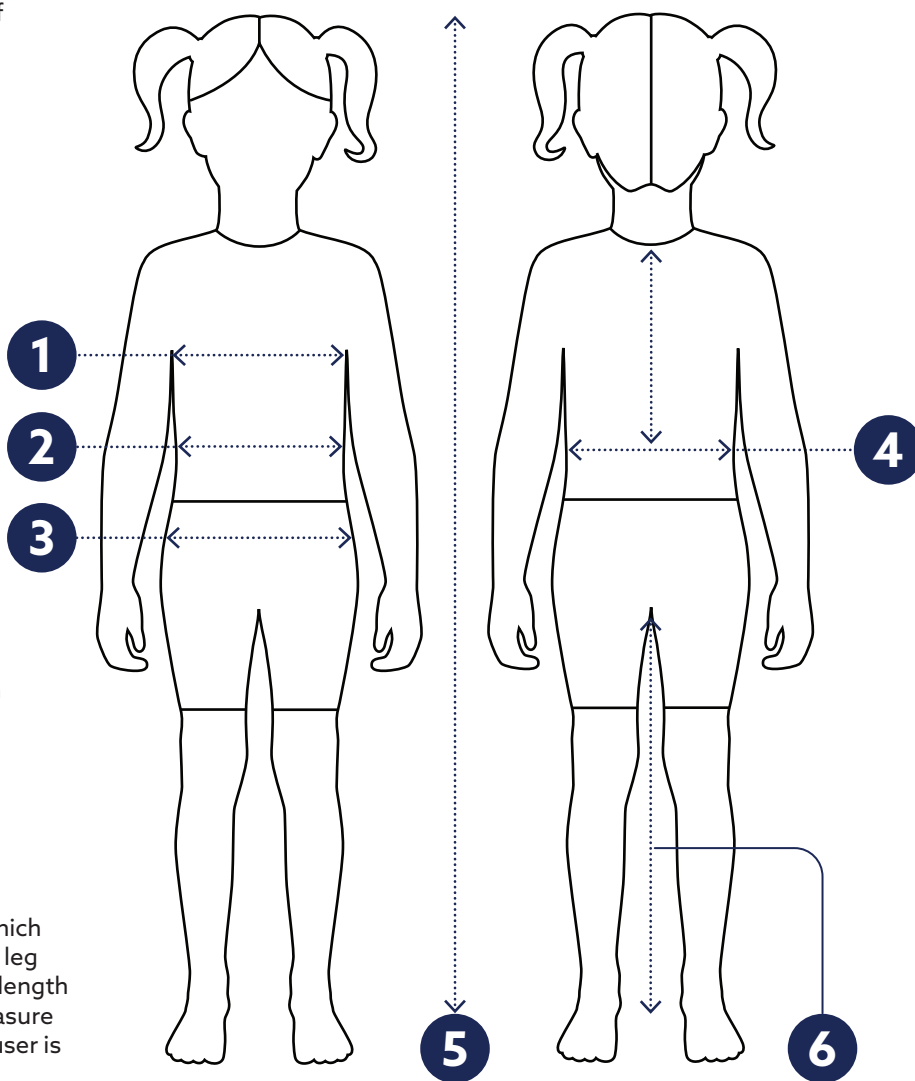

Stand with feet straight together and measure from the waist to reach the back of the neck your hip/rear.

5 HEIGHT

Stand with legs straight and feet together. Look straight ahead with shoulders level and arms at sides. Measure from the floor to the top of the head.

6 INSIDE LEG

Unlike the other measurements which are body measurement, the inside leg measurement corresponds to the length on the trouser you are buying. Measure from the crotch to where your trouser is normally worn on the shoe.
